

Dear Members of the Senate Business and Labor Standing Committee:

I lead Etsy's State and Local Public Policy and I am reaching out in support of **SB 108**. As you know, SB 108 is scheduled to be heard in the Senate Business and Labor Committee today (January 26th) at 2:00 PM.

This bill would provide consistent, statewide business standards that companies can effectively implement. These protections will, in turn, support the many small business sellers on Etsy who are based in Utah and rely on our platform to grow their businesses.

We appreciate your time and consideration of this issue. Please feel free to reach out if you have any questions or would like additional information.

Best Regards,

Beverly

The Etsy logo is rendered in a classic, blackletter-style serif font. The letters are thick and closely spaced, with a slightly irregular, hand-drawn appearance. The 'E' is particularly prominent, with a large, decorative top loop. The overall look is elegant and traditional.
