DEDICATED PROJECT REQUEST

Benefits to Utah and Washington County:

- Addresses critical healthcare worker shortages, including doctors.
- Increases enrollment capacity in high-demand programs.
- Supports Utah's growing healthcare industry:
 - 820 UT Health Sciences graduates entered the workforce in 2023-2024.
- Modern facilities attract top students.
- Latest infrastructure and technology prepares graduates for real-world healthcare settings.
- Attracts research funding and grants.
