

## Requester Information

**Legislator Name:** Sawyer, Jake

**Created Date:** January 20th 2026

**Submitted Date:** January 20th 2026

## Section 1: Requester Details

### Description:

We respectfully request legislative funding to support the development and enhancement of our regional senior center, ensuring it can meet the growing demand for services, programs, and social engagement opportunities. Investing in this facility will promote health, independence, and quality of life for our aging citizens, while also reducing long-term healthcare and social service costs.

Is this a multi-year project?

No

**Is this project scalable if the Legislature does not fund the full requested amount?**

Yes

**A short explanation describing how the project might be scaled?**

We would look at the funding deficiencies and make appropriate changes to programming and services. This will help us while we work on receiving funding from Weber County.

### Section 4: Performance Outcome Measurement

**Who would benefit the most from this request (who is the target audience)?**

This funding benefits the community as a whole because senior care has an intergenerational impact. When seniors receive adequate care and services, their adult children and grandchildren are less burdened with caregiving responsibilities. This allows younger generations to focus on work, education, and personal development.

### **What is this project or program intended to accomplish?**

With your support, we can enhance our facility, offer more enriching activities, and ensure no senior feels isolated or underserved. Your contribution will have a direct impact on the health, happiness, and dignity of our increasing, aging population. Together, we can build a stronger, more compassionate community for all generations.

### **How will the Legislature know whether the project or program achieved its intended purpose?**

We will measure the success of the program through the many hours of senior volunteer service and the participation numbers for the different programming opportunities. We are also able to offer a participant survey.
