### Section 4: Performance Outcome Measurement

**Who would benefit the most from this request (who is the target audience)?**

Uninsured patients that live 200% below the poverty line.

**What is this project or program intended to accomplish?**

The Doctors' Volunteer Clinic provides non-urgent and semi-urgent medical care, mental health services, dental services, and several specialty clinics. They also provide referrals to specialists, prescription assistance programs, and access to community resources.

### **How will the Legislature know whether the project or program achieved its intended purpose?**

Progress is measured quarterly, targeting a 15% reduction in patient wait times and a 20% improvement in HGB/A1c and creatinine levels for diabetic patients. We track standardized blood sugar and blood pressure benchmarks for diabetes and hypertension, alongside validated mental health screenings. These metrics, integrated with regular follow-up visits, provide actionable data that directly optimizes physician diagnosis and treatment efficacy.
