To Whom it May Concern:

On behalf of Flourish Therapy, Inc., a nonprofit outpatient mental health clinic serving individuals and families across Utah, I submit this Letter of Intent in support of our Request for Appropriations currently under your consideration.

Flourish Therapy, Inc. affirms that **all funds provided through this legislative appropriation will be used exclusively for direct client care** within our subsidized mental health programs. No appropriated funds will be allocated to administrative overhead, executive compensation, or unrelated operating expenses.

These funds will directly support:

- Individual, family, and group therapy services for underinsured and uninsured clients
- Care for individuals who would otherwise be unable to receive mental health services due to financial hardship

This appropriation will allow Flourish Therapy to continue serving vulnerable Utahns with dignity, compassion, and evidence-based care while strengthening the mental health safety net across our communities.

We are deeply grateful for your commitment to mental health access and for your consideration of our request. Please do not hesitate to contact us if additional information is needed.

A handwritten signature in black ink that reads "Lisa J. Hansen".
