PRO-LIFE UTAH
IMPACT REPORT

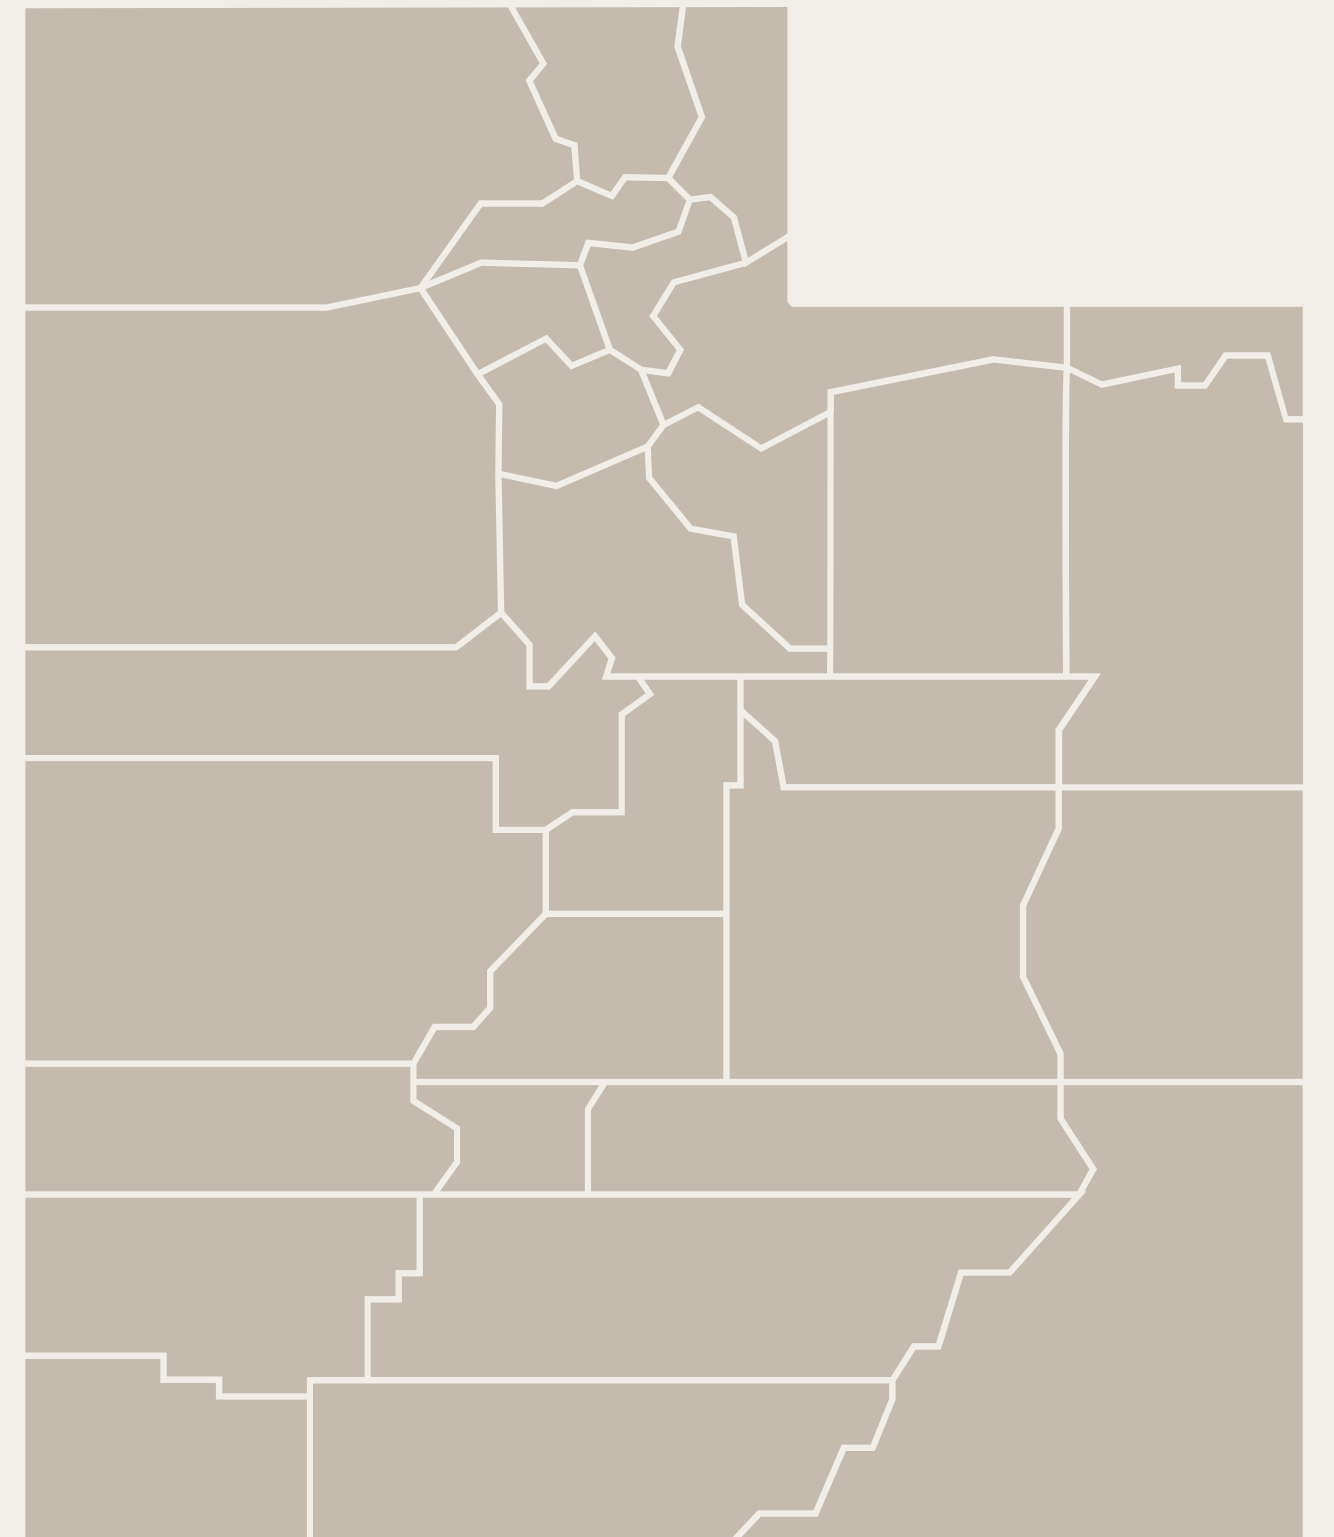

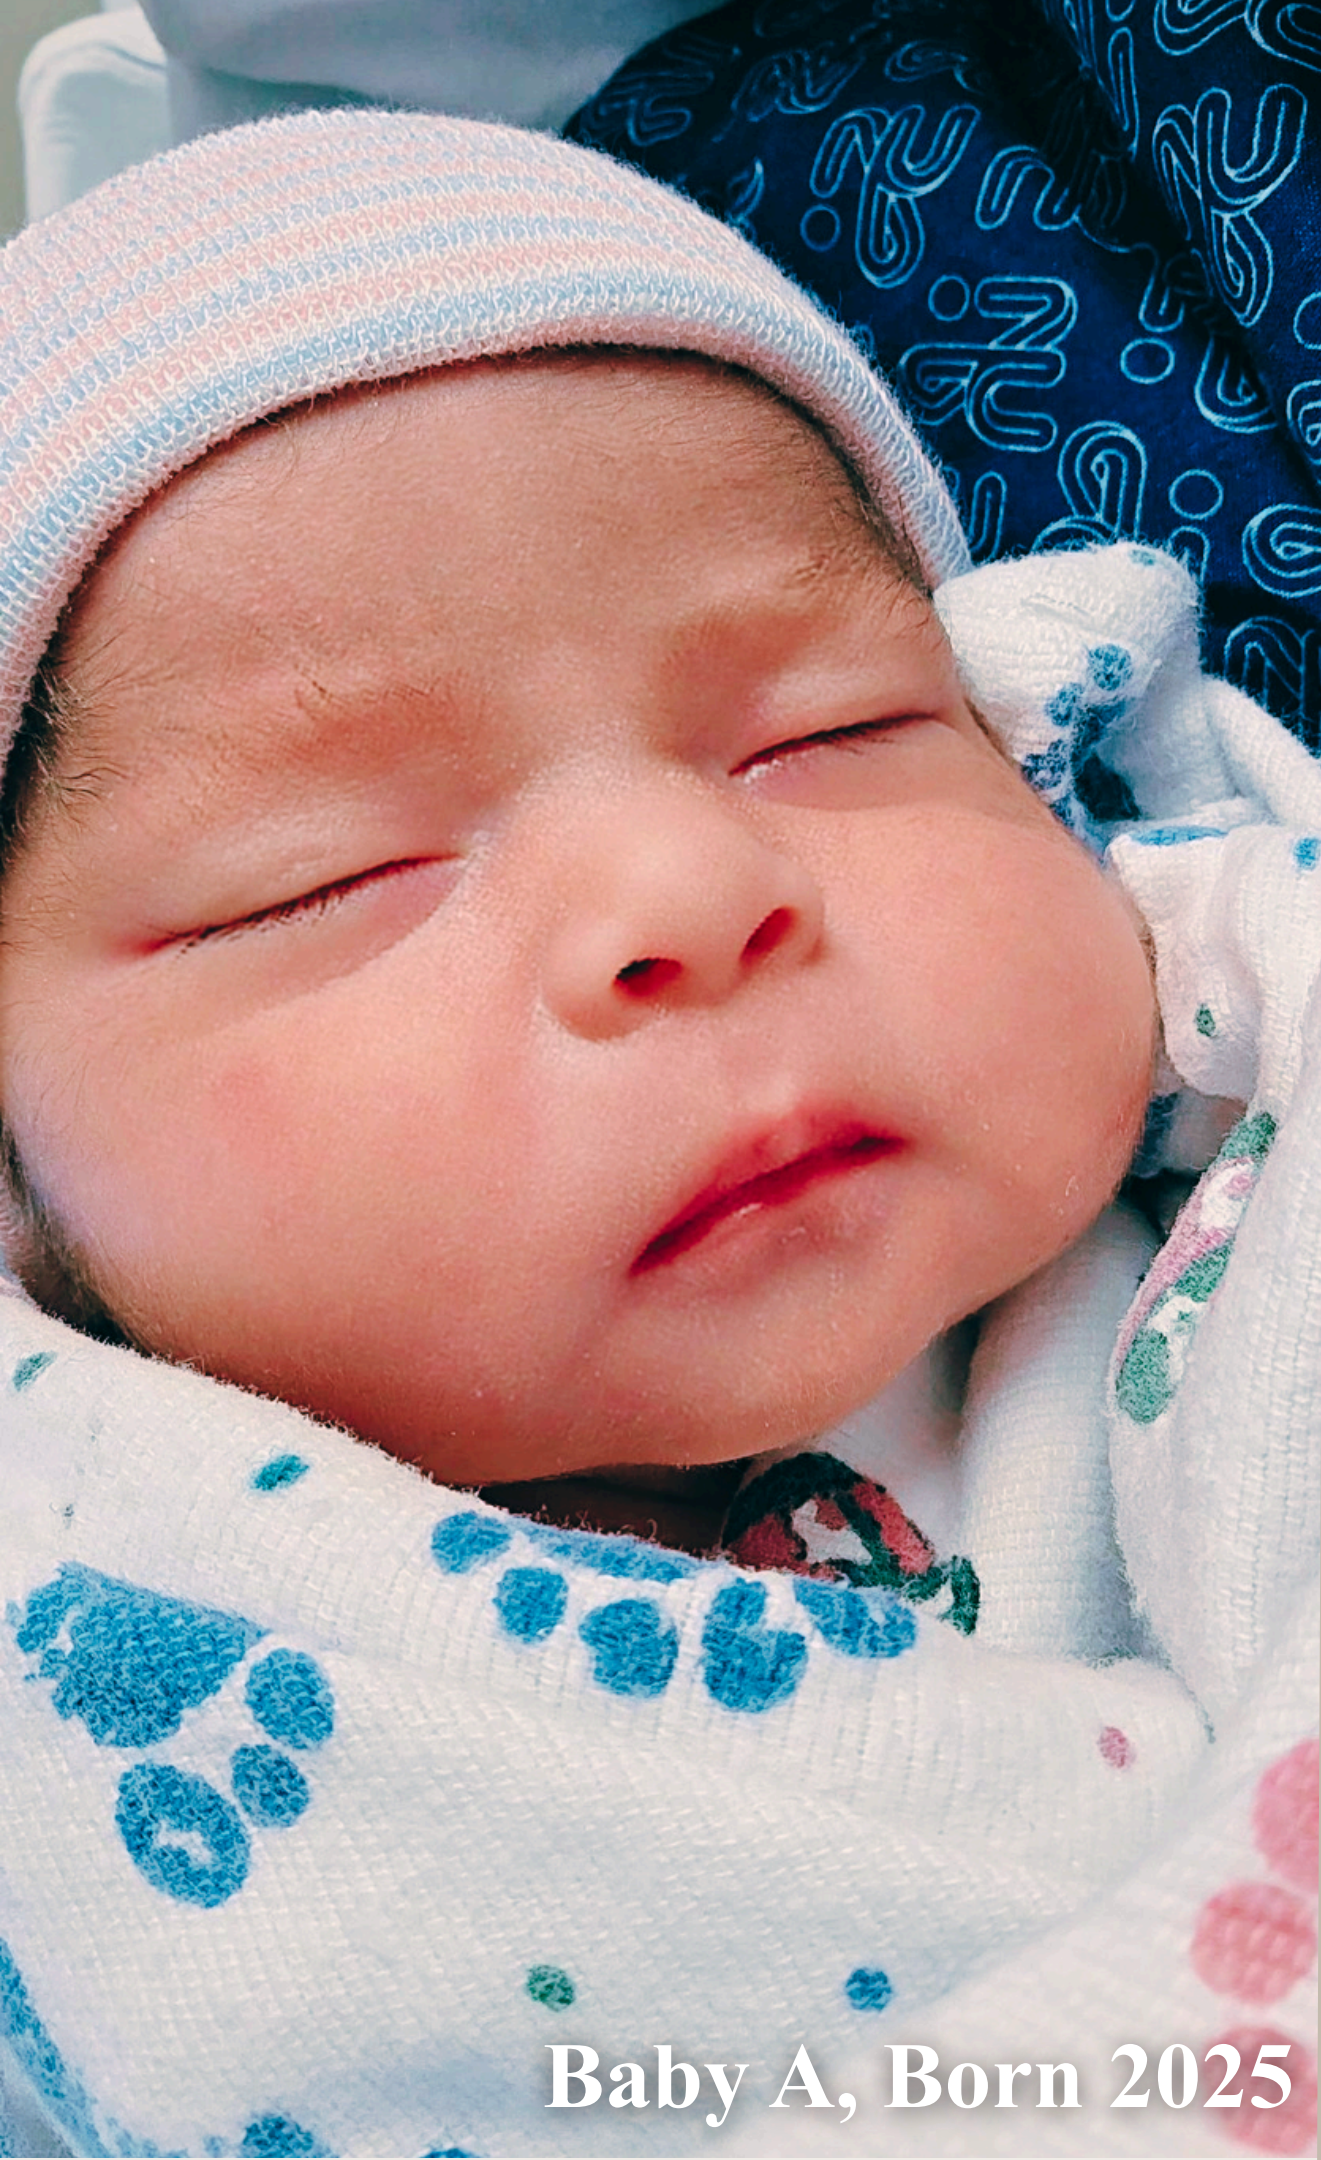

GROWTH AND EXPANSION

NOW SERVING
ALL 13
HEALTH DISTRICTS
IN UTAH!

Pro-Life Utah began by serving Utah, Salt Lake, Davis, and Weber counties, along with the greater Wasatch Front. What started as a local effort has grown into a statewide mission to save lives and support mothers. *As of January 2026, we are proud to serve women in all thirteen of Utah's Health Districts.*

This remarkable growth is made possible by the dedication of volunteers across the state. Because of their commitment, we are reaching more women than ever before—ensuring that no matter where they live, they have access to the love, resources, and community they need to choose life and thrive.

THE PRO-LIFE UTAH DIFFERENCE

At Pro-Life Utah, we believe that saving lives requires more than resources—it requires relationships, compassion, and community.

What sets us apart is our deeply personal approach. We don't just offer assistance; we walk alongside every mother, providing the friendship and support she needs to thrive. Our team of selfless volunteers and staff are driven by love, faith, and a commitment to serve.

We are willing to go above and beyond, applying our hearts, hands, and resources to help mothers overcome their challenges. By creating a culture of care and connection, we empower women to choose life confidently and successfully. We are more than an organization; we are a lifeline.

“Thank you. This is absolutely some of the most genuine and incredible help I’ve ever received from anywhere, for anything. You’ve helped me head in the right direction and fix the things I’ve ruined or lost. You’ve given me so much of your time, your understanding, and your guidance. From the bottom of my heart, thank you.”
