

UTAH FILM CENTER

Utah's Premier Film Focused
Creative Hub

2026 Legislative ask \$350,000 for film incubator space.

INDUSTRY

Strengthening filmmaker
professional opportunities

Industry x Education
Investing in workforce
development of Utah's
filmmakers

Industry x Arts
Connecting Utah
filmmakers and
Utah audiences

UTAH
FILM
CENTER

EDUCATION

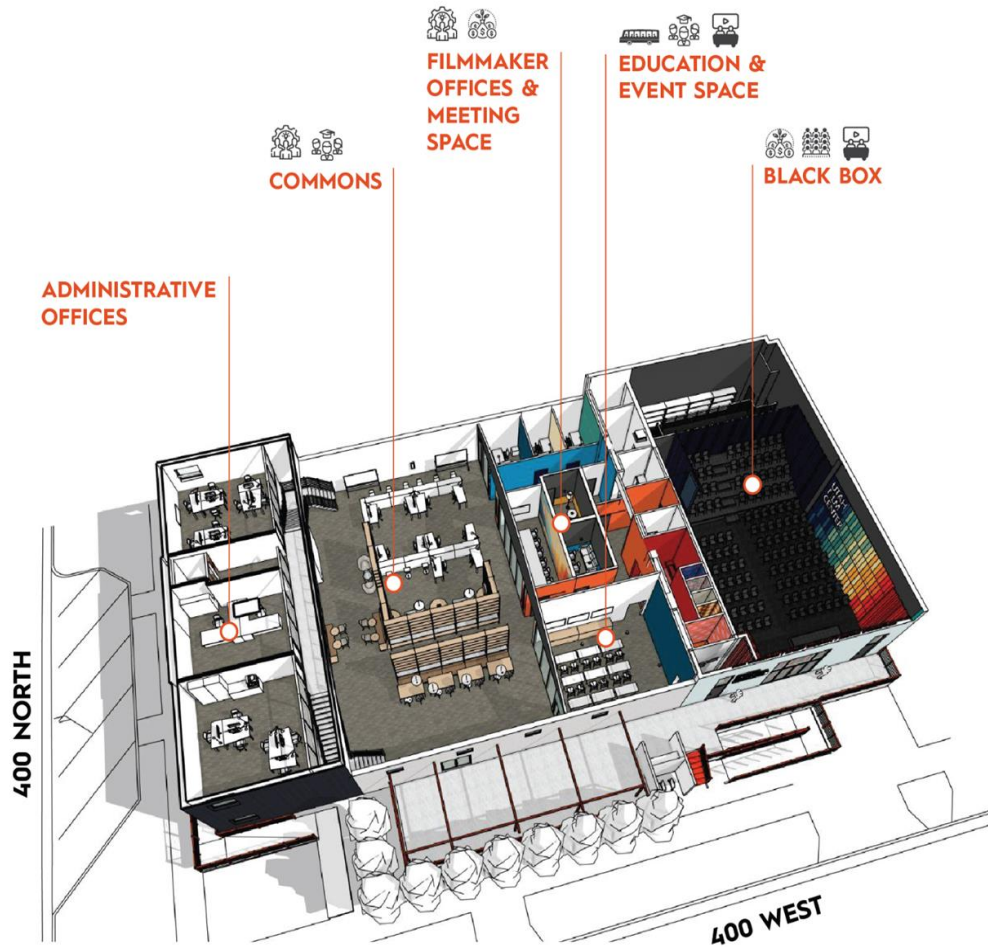

Investing in emerging artists
and fostering curiosity

Education x Arts
Increasing access to fine arts
experiences throughout Utah

ARTS

Connecting audiences and
artists through film exhibition

FILMMAKING INCUBATOR SPACE at Utah Film Center

Providing workforce development education and state of the art co-working, editing, educational, production, and exhibition spaces.

LEGISLATIVE REQUEST

\$350,000 One Time Investment in Infrastructure

The incubator will equip creative trade professionals with the technical and professional skills needed for employment and retention on large-scale in-state productions and commercial work. This investment will retain creative talent in Utah, strengthen the economy, and build a modern, highly skilled workforce ready for digital content production before, during, and beyond the Olympics. Workforce development investments outlast individual productions, positioning Utah professionals for future in-state opportunities.

PARTNERS

It's not an ecosystem without strategic partnerships

- ★ Utah Film Center works for all Utahns
- ★ Utah k-12 Schools
