COUNTIES WE SERVE:

2026 Pilot Update

NUYN will **meet 2026-funded outcomes**, including delivering workforce-readiness programming informed by the **U.S. Department of Labor** to 2500 students. We built the infrastructure to operate at scale—**hiring staff, aligning partners, launching a shared curriculum, and hosting a career fair** that is already strengthening workforce skills, STEM exposure, and career awareness across multiple communities. Through direct employer engagement, including **career fairs, mentoring, and a speakers series**, we connect thousands of young people to **Utah's high-demand industries**.

2027 Action Plan

In the 2027 fiscal year, under the direction of Utah's Department of Workforce Services, the project will target **300-350 TANF-qualified low-income families** to become **more self-sufficient** by providing their youth a safe place to learn and the experiences needed to thrive in Utah's **high-demand industries**. We will continue to **grow our industry partners' engagement and cost sharing**.
