

Military Crosswalk: Protect Our Investment

The Licensing Problem

- 🔥 Licensing requirements often disregard military training and experience
- 🔥 Veterans are asked to repeat coursework, exams, and pay fees for skills they already mastered in uniform
- 🔥 Every tax dollar spent recruiting and training personnel for the military is wasted when they aren't allowed to continue to use their expertise after being discharged

The Solution

- ✓ Provide equivalency charts to compare military specialties with Utah licenses
- ✓ Streamline and expedite applications
- ✓ Waive redundant education requirements

Fast Fact

Almost 130,000 veterans are living in Utah with an economic impact of \$4.5B per year
