

# The Balance Act

SCHOOL TECHNOLOGY  
AMENDMENTS  
HB 273

## Key Points

Preserves Local Control

Balances Technology Use in Classrooms

Limits Technology Use in Elementary

Requires AI Policy

Adds AI in core CS Standards

Supports Learning Outcomes

## What does HB 273 do?

### Sets Classroom Technology and AI Standards

- Adds AI learning to core computer science standards
- Requires State Board of Education to create policies for classroom tech and AI use
- High School offers optional parent-approved AI sandbox course for hands-on learning

### Creates Grade-Level Framework

- Limits technology use in early grades to emphasize hands-on teacher-led learning
- Take-home devices for middle school are offered with parent consent
- Take-home devices allowed. Parent opt-out option offered
- Requires support and alternative learning options for students who struggle with tech-based instruction
