

SCHOOL COMMUNITY COUNCIL AMENDMENTS

THIS BILL MAKES THE LAW CLEANER AND REMOVES OUTDATED LANGUAGE.

Safe Technology Utilization

- Removes language that has School Community Councils involved in installing and configuring internet filtering. Volunteer councils cannot effectively be involved in the day to day process.
- Adds a report to School Community Councils on steps the administration takes to provide a safe school environment, including internet filtering.
- Maintains School Community Councils' responsibility to advise and make recommendations regarding safe technology utilization.

Council Seating

- Maintains the requirement to have more non-educator parent members than educator parent members.
- Removes prescriptive and confusing language on HOW to meet the non-educator parent requirement. Does NOT remove the requirement.
