STATE OF UTAH

invites applications for the position of:

QA TESTING ENGINEER, JOB #30159

PHYSICAL ADDRESS: Utah Legislature
Office of Legislative Services
W000 House Building State Capitol Complex
Salt Lake City, UT 84114

OPENING DATE: Thursday, December 2, 2021

CLOSING DATE: Until filled

Job Description:

One of the coolest parts about working for the Legislative Services IT team at the State of Utah is the reach your work will have within history in government. We are looking to augment our team of developers and programmers to help with the many software and web projects happening within the Utah Legislature. The work our dev team does is foundational to enabling our legislative work to move forward effectively and successfully. This position will work closely with our dev team to find bugs, security issues, and more. You will be a non-partisan employee and will need to be available to work extended hours during our Legislative General Session (January – March annually).

The Ideal Candidate:

Seeking a motivated QA Functional Tester to join the Utah Legislative Technology Team. You will be collaborating with development teams and helping with quality releases that define and implement solutions for Applications that help the State of Utah do its business. You will work closely with project management and other multi-functional teams.

Job Duties:

- Manual testing from multiple "real world" user perspectives
- Identify issues with new features and existing features before they impact the users in production

- Work with team members and users to track down and diagnose root causes of issues
- Log, track, and report on defects to increase product quality
- Complete ownership of quality and reporting for assigned products and systems
- Provide product readiness assessments to project managers
- Understand the purpose of products and how customers use them
- Be an effective advocate for users in driving resolution to all issues
- Present quality metrics and data in review meetings
- Help train and mentor other testers as needed

Qualifications and Education:

- Agile development life cycle is a plus
- Ability to work independently and collaborate with team members
- Ability to create, manage and update test cases to ensure consistency of testing
- Experience developing and executing test plans
- Passion for seeking out bugs and strong communication skills to describe how to recreate them
- Experience performing various types of testing such as Functional Testing, Regression Testing, and System Integration Testing is a plus
- Experience working closely with development teams to ensure quality is a plus
- Comfortable learning and using new software tools and processes quickly
- Experience in Test Automation desired
- Experience testing RESTful services is a plus

Salary Range: $21.00 to $29.31 per hour plus comprehensive medical, dental, leave and retirement benefits.

Application Instructions: **Please submit a resume to hr@le.utah.gov.**

SUPPLEMENTAL INFORMATION:
Employees in this position serve at the pleasure of the appointing officer in an at will status and may be terminated at any time without cause. This is not a career service position. The State of Utah is an equal opportunity employer. Hiring is done without regard to race, color, religion, national origin, sex, sexual orientation, gender identity, age or disability. Reasonable accommodations provided to known disabilities of individuals in compliance with the Americans with Disabilities Act. For accommodation information or if you need special accommodations to complete the application process, contact Chris Peterson at 801-326-1596.

Veteran's Preference (Utah Code Ann. 71-10-1, et. Seq.) An applicant claiming veteran's preference must do so in the body of the cover letter by providing sufficient information to identify the type of veteran's preference requested. Additionally, a copy of the applicant's DD-214 must be attached to the resume. If a disabled preference is claimed, a copy of the applicant's letter form the VA stating the disability percentage granted must also be attached.
