
Fiscal Note
Bill Number SB0045S2

10-Feb-98

8:52 AM

The enhanced penalty provision may add slightly to the sentencing phase of a trial but will have marginal impact on court costs. Any addition to the sentence of an offender who, would under current law be convicted and sentenced to prison, would add to the end or length of the sentence. These costs would occur in future years at a cost of \$22,500 per prisoner per year.
