
Fiscal Note
Bill Number SB0215

12-Feb-99

9:37 AM

Making the required recommendation can be handled within existing budgets. Funding the recommendation would cost about \$16,000,000 plus an additional \$2,800,000 the second year. This would be for just the positions identified in the bill.

Individual and Business Impact

Should the recommendations identified in the bill be funded, there would be salary increases to most of the approximately 2,700 law enforcement officers currently employed.
