**Fiscal Note**  
**Bill Number SJR008**

*12-Feb-99*

*9:38 AM*

---

---

If the executive branch were to implement this resolution, ITS estimates 50,000 ten minute calls per month to agencies at a cost of \$0.1155 per minute. The total annual cost would be \$690,000. The governor's office already has 3 toll-free lines so they would not incur additional costs.

---

**Individual and Business Impact**

At 50,000 calls of 10 minutes, this would save citizens making the calls \$475,000, assuming \$0.095 per minute.
