

This bill requires the Department of Health and the Department of Environmental Quality to promulgate rules for decontamination of properties affected by illegal manufacturing of methamphetamines. It is estimated to cost \$20,000 from the General Fund in FY 2001 to establish the rules and standards required by the bill. These funds will be distributed \$10,000 to the Department of Health and \$10,000 to the Department of Environmental Quality.

Local Health Departments will be responsible to inspect and assess properties for contaminations and their cleanup. Costs to local health departments are estimated at \$1000 per site with an estimated 400 labs per year.

The bill also provides establishment of a General Fund Restricted Account known as the State Illegal Drug Manufacturing and Storage Site Decontamination Account and fees collected for issuance of contractor certificates. It is estimated that collections for those fees in FY 2001 will be \$4000.

	<u>FY 01 Approp.</u>	<u>FY 02 Approp.</u>	<u>FY 01 Revenue</u>	<u>FY 02 Revenue</u>
General Fund	\$20,000	\$0	\$0	\$0
Restricted Funds		\$0	\$4,000	\$4,000
Local Revenue	\$400,000	\$400,000	\$0	\$0
TOTAL	<u><u>\$420,000</u></u>	<u><u>\$400,000</u></u>	<u><u>\$4,000</u></u>	<u><u>\$4,000</u></u>

Individual and Business Impact

Fiscal impact to individuals and businesses will depend on how much the cleanups cost at contaminated properties they own.
