
Fiscal Note

State Employee Sick Leave Amendments

29-Feb-00

Bill Number HB0304S15:27 PM

During the first few years after passage of this bill, fiscal impact is expected to be minimal. However, the bill will eventually cost about \$5,000,000 annually. Since the increased costs would be paid from the state termination pool, a rate increase would be likely.

Individual and Business Impact

This bill will benefit retiring state employees.
