
Fiscal Note
Bill Number SB0129

Medical Malpractice - Monetary Cap

24-Jan-01

3:08 PM

State Impact

No fiscal impact.

Individual and Business Impact

Passage of this bill would increase the medical malpractice cap from \$250,000 to \$500,000 beginning in FY 2002. Those individuals who receive maximum awards would see up to a \$250,000 increase. The additional cost to health care providers would likely be passed on to individuals' insurance premiums or their costs for services.
