

State Impact

This bill brings statute into compliance with the Constitutional amendment passed in November of 2000. The bill does directs that 50 percent of the interest be appropriated to the Department of Health for anti-tobacco efforts. The estimated amount in FY 2003 is \$768,000 and in FY 2004 is \$1,016,000. The bill does not create any additional revenue or expenditures.

Individual and Business Impact

Those businesses which receive funds for anti-tobacco efforts could receive more funding. Individuals could benefit from additional assistance in reducing tobacco usage.
