

**AMENDED NOTE**

**State Impact**

There will be no fiscal impact for the first year. There may be costs to the Department of Corrections in subsequent years if there is a resulting conviction and incarceration which would not have been prosecuted otherwise. The costs of incarceration are approximately \$25,000 per year. Any costs to the State will depend on the number of individuals convicted and sentenced as a result of the provisions of this bill.

---

**Individual and Business Impact**

Some individuals may be prosecuted who could not be prosecuted under current statute. This could result in prison time for those convicted under the provisions of this legislation which may affect their long-term personal earnings.
