Taxes or Charges on Telecommunications Service

05-Feb-02

10:35 AM

State Impact

Passage of this bill would codify the Federal Mobile Telecommunications Sourcing Act of 2000. In addition, the bill limits municipal mobile phone fees to \$1 which would result in a loss of local revenue of approximately \$5,000,000 beginning in FY 2004.

Individual and Business Impact

In instances where individuals are paying more than \$1 for mobile phone fees there would be costs savings for these individuals resulting from tax cap.
