

State Impact

If provisions of this resolution can be accomplished in the days outlined by the resolution, it is estimated that the resolution can be enacted within existing budgets. However, the resolution requires the Executive Appropriations to hear budgets presented by each state agency or institution, the Governor's budget recommendations, and the Analyst's recommendations for all state agencies and institutions in one meeting, no later than the third Wednesday of December. It currently takes nine subcommittees approximately ten days each to hear the same or less extensive presentations. The resolution also requires the Joint Budget Interim Committee to "meet at least monthly and more frequently as need at the call of the chairs ". The current budget only covers one meeting a month during the interim. If additional meetings are scheduled additional appropriations will be required.

Individual and Business Impact

No fiscal impact.
