
Fiscal Note**Integrity of Election Results Amendments***11-Feb-05***Bill Number: HB0211S01***4:37 PM*

State Impact

The bill requires that electronic voting equipment be capable of producing a permanent paper record of votes cast in order to be certified for use. It is estimated that this provision may require up to \$5,177,000 to purchase the necessary printing equipment. If there are insufficient federal Help America Vote Act (HAVA) funds to pay for this equipment and meet all the other federal HAVA mandates to the state, a state appropriation may be necessary.

Individual and Business Impact

Any in state vendors selected in the RFP process would benefit.
