
Fiscal Note**In-state Tuition for Members of Utah National Guard***30-Jan-06***Bill Number: SB0174***11:35 AM*

State Impact

With this expanded definition of resident student, it is estimated that an additional 20 students may enroll in an institution of higher education. As enrollment increased as a result of this change, it would be handled as regular enrollment growth, with a state appropriation and in-state tuition to cover the costs of the new students.

Individual and Business Impact

qualified military personnel would benefit from paying in-state tuition rather than out-of-state-tuition rates.
