## H.B. 244 - Repeal of Utah Technology Commission

### Fiscal Note

2007 General Session

State of Utah

### State Impact

This bill would eliminate a legislative commission that meets on days other than the scheduled monthly interim day. The commission's elimination would reduce amounts needed for per diem of eight legislators for eight meetings per year. It would also free-up staff resources potentially resulting in savings. H.B. 68, 1994 General Session, which created this commission, appropriated \$50,000 for its implementation. The appropriation presumably would no longer be needed if the commission is eliminated.
