**State Impact**

Enactment of this bill would require the Department of Transportation to submit a budget request for corridor preservation monies to the governor and directs that request be in the governor's budget. It is unknown at this time how much would be requested or authorized by the Legislature. If issuance of general obligation bonds are authorized debt service payments will vary depending on issuance costs and interest rates at the time of issuance. The actual principal and interest payments will depend on the structure of each issuance.
