
S.B. 43 1st Sub. (Green) - Post-retirement Employment Amendments

Fiscal Note

2010 General Session

State of Utah

State Impact

Enactment of this bill will increase retirement contribution rates by 0.23 percentage points for employees covered by the Public Safety Contributory system and by 0.27 percentage points for employees covered by the Public Safety Noncontributory system. It will also increase the Firefighters Retirement System by 1.37 percentage points and the Judges Retirement system by 1.45 percentage points. This will require an appropriation of approximately \$609,000 distributed among state agencies.

The immediate increases in contribution rates come from removing maximum allowances. Over time there will be a net savings to the retirement system for individuals that work longer and gain additional service credit. Savings to the state may be as high as \$10.5 million depending on retirement patterns.

Individual, Business and/or Local Impact

Enactment of this bill likely will not result in direct, measurable costs and/or benefits for businesses. Local governments will experience increased contribution rates for Firefighters Retirement System between 0.64 and 1.37 percentage points. Public Safety Contributory and Noncontributory systems would experience increased rates between 0.15 and 0.60 percentage points. Individuals may be impacted due to the proposed change in statute.
