Short Title: Predator Control Funding

Sponsor: Hinkins, D.

2011 General Session, State of Utah

State Government (UCA 36-12-13(2)(b))

Enactment of this bill will generate approximately \$517,900 per year in new revenues as a result of the additional \$3 fee imposed on certain hunting permits. The funding will be deposited in the newly created Predator Control Restricted Account.

The Department of Natural Resources may incur costs for a new Predator Control Program, but those costs are unknown as the program has yet to be defined. Costs presumably will not exceed revenue available in the new restricted account. Expenditure from the restricted account cannot occur until the Legislature makes appropriations from the restricted account.
