State Government

UCA 36-12-13(2)(b)

Enactment of this legislation likely will not materially impact state revenue.

Revenues	FY 2015	FY 2016	FY 2017
Total Revenues	\$0	\$0	\$0

Enactment of this legislation would establish a less restrictive control limit for PM 2.5 than the current standard, and this change would necessitate a revision of the State Implementation Plan (SIP). Enactment of this legislation could cost the Department of Environmental Quality \$120,000 one-time in FY 2016 for approximately 4 FTEs each working approximately 3 months to revise the SIP.

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
