State Government

UCA 36-12-13(2)(b)

Enactment of this legislation would likely reduce the General Fund revenues due to the elimination of the requirement for beekeepers to pay the annual registration fee. The projected revenue reduction is \$19,000, and is based on the assumption that most of the hobbyists beekeepers, which represent 98% of all beekeepers in Utah, would no longer register.

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
