

Performance Note
HB0192S01 - Opiate Overdose
Response Act -- Pilot Program
and Other Amendments
Sponsor: Rep. McKell, Mike K.

Performance Note Report

Author: rrolfs

Agency: Department of Health

Funding For:

New Services or Benefit

Public Benefit:

Purpose: This bill creates the Opiate Overdose Outreach Pilot Program within the Department of Health and authorizes grants from the program, specifies how grants may be used, requires annual reporting by grantees, requires rulemaking by the Department of Health

Services: The grantees may pay for the purchase of an opiate antagonist or pay for the cost of providing training on the proper administration of an opiate antagonist in response to an opiate-related drug overdose event.

Expected Outcome: The expected outcome is to reduce opioid drug overdose deaths.

Implementations and Resources: The bill will be implemented by the Utah Department of Health Violence and Injury Prevention Program.

How: Funds will be granted through the program who may be in a position to assist an individual who is at increased risk of experiencing an opiate-related drug overdose event to pay for the purchase of an opiate antagonist or pay for the cost of providing training on the proper administration of an opiate antagonist in response to an opiate-related drug overdose event.

By rule, performance notes are provided by the governmental entity that will supervise the new agency or administer the new program. Performance notes are not written by the Office of the Legislative Fiscal Analyst.
