Local Government

UCA 36-12-13(2)(c)

Under this bill, assuming counties increase marriage license fees by $20 there would be no impact to local county governments. However depending on where counties price marriage license fees as a result of the bill they could retain more or less in fees however the amount is unknown.

Individuals & Businesses

UCA 36-12-13(2)(d)

Individuals who elect not to participate in pre-marital programs would pay an additional $20 for their marriage license. An estimated 7,200 couples in FY 2017 and 14,400 each year thereafter will pay this fee for a total of $144,000 and $288,000 respectively. In certain counties where marriage license fees are less than $40, couples will pay more.

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
