#### Local Government

UCA 36-12-13(2)(c)

Enactment of this legislation likely will not result in direct, measurable costs for local governments.

#### Individuals & Businesses

UCA 36-12-13(2)(d)

Between May 2016 and July 2018, enactment of this legislation could cause health benefit plans and hospitals to be responsible for more medical costs for workers' compensation-related injuries and disease than is currently the case; workers' compensation insurers, self-insured employers, and individuals could be responsible for less. The extent of this impact would depend on existing and future cost-sharing arrangements, health and workers' compensation benefit plan structures, and the terms of various contracts; it cannot be determined at this time.

#### Performance Note

JR4-2-404

No performance note required for this bill

#### Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
