Enactment of this bill could also cost the Department of Health \$30,000 from the General Fund annually for database development and maintenance, data analysis, and administrative oversight of the data. The costs could go away in FY 2022 when the provisions of the bill are repealed.

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
