State Government

UCA 36-12-13(2)(b)

Enactment of this bill could increase Commerce Service Fund revenue by \$9,100 annually. This revenue increase, combined with the Commerce Service Fund costs detailed below could increase the year-end transfer to the General Fund by \$7,100 annually. In the first year the ongoing revenue will be offset by a one-time reduction of \$4,400 due to an annualizing of the fee data and the costs of rule development.

Revenues	FY 2017	FY 2018	FY 2019
General Fund	\$0	\$7,100	\$7,100
Commerce Service Fund	\$0	\$2,000	\$2,000

Commerce Service Fund, One-Time	\$0	\$1,800	\$0
Total Revenues	\$0	\$6,500	\$9,100

Enactment of this bill could cost the Department of Commerce \$2,000 from the Commerce Service Fund annually to review and process applications and investigate potential complaints. The department could also experience one-time costs of \$1,800 from the Commerce Service Fund in FY 2018 for rule development. Spending from the Commerce Service Fund impacts year-end transfers to the General Fund.

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
