Local Government

UCA 36-12-13(2)(c)

Enactment of this bill could cost counties that do not have ballot drop boxes or do not have the minimum required number of boxes. The cost of a drop box is an estimated \$1,500. The population criteria in the bill would result in 25 counties needing the minimum of three drop boxes; four counties would need more than three to meet the requirements. The total aggregate impact for all counties would be \$136,500 one-time in FY 2018, although counties with populations less than 30,000 could apply for an exception to the minimum requirement.

Individuals & Businesses

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
