Performance Note Report

---

Author: Marc Babitz

Agency: Department of Health

Funding For:

---

New Services or Benefit

Public Benefit:

---

**Purpose:** Requires the Department of Health to issue a request for proposals to contract with one or more persons to develop and implement one or more telehealth pilot projects in the state. The pilot project will run 2 years. The purpose of the project is: (a) determine how telehealth services can best be used in the state; (b) determine the best practices for providing telehealth services in the state; and (c) identify the types of health care services for which telehealth services may be most beneficial

**Services:** Implement one or more telehealth pilot projects in the state

**Expected Outcome:** The purpose of the project is: (a) determine how telehealth services can best be used in the state; (b) determine the best practices for providing telehealth services in the state; and (c) identify the types of health care services for which telehealth services may be most beneficial.

**Implementations and Resources:** Funds requested: \$350,000 for two-year pilot grant program. Project Director will implement the program in accordance with state procurement laws and will monitor the distribution of funding.

**How:** - Create administrative rules compliant with law -Collaborate with telehealth and industry representatives to determine selection and evaluation criteria -Issue Request for Proposals -Identify selection committee -Review and select projects for funding -Administer grants and monitor -Prepare, submit and present final report to Health and Human Services committee

Performance Measures

---

## Goal

Title: All 3 goals are stated below because the system keeps erroring out as we add separate goals. -Development of rules, issue RFP and selection of grant awardees -Administration of grant monitoring -Preparation and submission of final report

Description: -Development of rules, issue RFP and selection of grant awardees -Distribution of the funding to telehealth vendors -reporting for HHS Subcommittee

Collection Method: RFP implemented Funds distributed to qualified vendors -report complete for HHS Subcommittee
