Total Revenues	\$0	\$0	\$0

Enactment of this legislation may result in costs for signage and other name-related items for the Utah College of Applied Technology and its eight colleges. These changes will be accomplished through regular maintenance and purchasing, so the costs will be absorbed within existing budgets. To the extent an institution establishes a new program within its primary role, internal resources would be reallocated from other existing programs at the institution.

**Local Government**

UCA 36-12-13(2)(c)

Enactment of this legislation likely will not result in direct, measurable costs for local governments.

**Individuals & Businesses**

UCA 36-12-13(2)(d)

Enactment of this legislation likely will not result in direct, measurable expenditures by Utah residents or businesses.

**Performance Note**

JR4-2-404

No performance note required for this bill

**Notes on Notes**

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
