

Performance Note
HB0249 - Statewide Resource
Management Plan Adoption
Sponsor: Rep. Stratton, Keven J.

Performance Note Report

Author: Steven Allred

Agency: Public Lands Policy Coordinating Office

Funding For:

New Services or Benefit

Public Benefit:

Purpose: (Note: This performance note was written by Carmen Bailey of PLPCO. Due to technical issues it was entered by Steven Allred at LFA.) The purpose is for the Public Lands Policy Coordinating Office to monitor the State Resource Management Plan (RMP) at the local and State level.

Services: State RMP updating, management and database development.

Expected Outcome: Coordinating the implementation of the State RMP at the local, state and federal level will ensure needs and planning interests of local communities are accommodated by federal land managers.

Implementations and Resources: State RMP updating and management will require the development and maintenance of an interactive online database. The database will need to be compiled from natural resource data from all 7 Utah Associations of Government and from current State Agency resource data. In addition, the database will track changes to state and county plans. A full time staff person in the Public Lands Coordinating Office to monitor the implementation of the State and County RMPs. Additional duties include regular coordination and consultation with counties, state resource agencies, and federal land managers. PLPCO will also provide regular reports to the Commission for the Stewardship for Public Lands.

How: Considerable coordination will need to occur between PLPCO and 29 Utah Counties to track substantive changes to their plans throughout the year. In addition, PLPCO must work with State resource agencies to track major development to their programs and policies. All significant changes will be analyzed by PLPCO to provide recommendations to the Commission for the Stewardship of Public Lands. A full time staff person is needed to manage the county and local coordination. The database is needed to compile and track all 7 AOG databases along with all of the state resource data that supports natural resource policies within the County and State RMPs.

Performance Measures

Goal

Title: Coordination with State natural resource agencies.

Description: PLPCO will work with State agencies to update the State RMP as changes occur throughout the year.

Collection Method: Coordination with State Agencies will be tracked and reported by PLPCO.
