

Performance Note
HB0302 - Cultivation of Industrial Hemp
Sponsor: Rep. Daw, Brad M.

Performance Note Report

Author: Debbie Lyberger

Agency: Department of Agriculture and Food

Funding For:

New Services or Benefit

Public Benefit:

Purpose: The purpose of this program is to set rules for the licensing of cultivators and processors of industrial hemp and establish registration of industrial hemp products.

Services: The Department will develop rules to ensure the cultivation of industrial hemp is regulated according to rule. The Department will also set guidelines regarding the registration of industrial hemp product intended for sale.

Expected Outcome: Establish rules for the cultivation, processing and distribution of industrial hemp and related products. Notify cultivators, processors and distributors regarding licensing and registration requirements. Monitor growth and enforcement of rule.

Implementations and Resources: It is anticipated to be staff heavy throughout this process. Establishing rules, registering product and licensing cultivators/processors and conducting inspections will take considerable staff time.

How: Rules will be written and adopted by 11/1/2018; Licensing and product registration will begin 5/1/2019; Inspections will begin 7/1/2019.

Performance Measures

Goal

Title: Establish rules for the cultivation, processing and distribution of industrial hemp product.
