Purpose: This program is designed to serve the unique needs of veterans in the criminal justice system.

Services: Services provided under this program include: determine program eligibility through appropriate screening for target program population; non-adversarial case processing; treatment focused case resolution that, if appropriate to the case, includes frequent testing; regular, ongoing case interaction between participant and judge; fostering partnerships and local support to enhance the effectiveness of the program; increased attention to the existence and impact of domestic violence related issues in the target population.

Expected Outcome: Continuing to improve criminal justice outcomes for veterans.

Implementations and Resources: Judicial monitoring and evaluating program; Continuing interdisciplinary education efforts; Reviewing and approving participant agreements.

How: Utah's Veteran Treatment Courts have been in operation for years. The Courts will continue to pay close attention to veteran issues in the criminal justice system.

Performance Measures

---

Goal

Title: Continue operating Veteran Treatment Courts.

Description: The Courts will continue to operate Veteran Treatment Courts.
