#### State Government

UCA 36-12-13(2)(b)

Revenues	FY 2020	FY 2021	FY 2022
Total Revenues	\$0	\$0	\$0

Enactment of this legislation likely will not materially impact state revenue.

Expenditures	FY 2020	FY 2021	FY 2022
Total Expenditures	\$0	\$0	\$0

Enactment of this legislation likely will not materially impact state expenditures. If the Legislature has to meet in a special session, and follows past practice and convenes on days when the Legislature is holding meetings anyway, this provision will not have a material impact on state costs. The Legislature convening into session on a day other than a day when the Legislature is holding meetings anyway could increase state costs one-time by \$50,000 for each day the Legislature is convened in session. If a special congressional election is held, and is scheduled on the same day as another already-scheduled election, this provision will not have a material impact on state costs. If a special congressional election is held on a day other than another already-scheduled election, this could increase state costs one-time by \$2.9 million, of which \$2.6 million would be passed through to counties.

	FY 2020	FY 2021	FY 2022

**Performance Note**

JR4-2-404

No performance note required for this bill

**Notes on Notes**

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
