**Local Government**

UCA 36-12-13(2)(c)

Enactment of this legislation could cost each of the state's 13 Local Health Districts (LHDs) \$10,000 one-time to develop an Agritourism Food Establishment permit program. If enacted, LHDs could generate approximately \$250 for each Agritourism Food Establishment permit issued. There may be a reduction in revenues to LHDs which collect registration fees for food safety manager certifications. Changes to revenues would vary depending on the number of permits issued and the price of the permit as determined by each LHD, and thus cannot be estimated in aggregate at this time.

**Individuals & Businesses**

UCA 36-12-13(2)(c)

Enactment of this legislation could cost businesses \$250 per event to obtain an Agritourism Food Establishment permit. In the case of a foodborne illness outbreak, responsible businesses would also be subject to paying for the cost of the investigation to Local Health Districts. Statewide costs to businesses for permits and investigations would vary and cannot be estimated in aggregate at this time.

**Regulatory Impact**

UCA 36-12-13(2)(d)

Enactment of this legislation could result in a small increase in the regulatory burden for Utah residents or businesses.

**Performance Note**

JR4-2-404

No performance note required for this bill

**Notes on Notes**

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
