HB0325 - Voluntary Alcohol-
restricted Individual Program
Sponsor: Rep. Eliason, Steve

Performance Note Report

Author: MAN DIEP

Agency: Department of Alcoholic Beverage Control

Funding For:

New Services or Benefit

Public Benefit:

Purpose: This bill requires the Department of Alcoholic Beverage Control to establish an Alcohol-Restricted Individual program.

Services: DABC will create a database to store additional information and scan 100% IDs for every transaction at the DABC Point of Sales. Of the estimate of an average of 12 million transactions, DABC will scan ID that ensures validity, age, appropriateness, and any judgment against that individual for non-compliance with the sale of alcohol.

Expected Outcome: To prevent overconsumption and underage drinking and to avoid the potential harms associated with the abuse of alcohol.

Implementations and Resources: Please refer to the fiscal note for cost information.

How: The proposed activities of the DABC will help eliminate overconsumption and underage drinking and to avoid harms associated with the abuse of alcohol.

Performance Measures

Goal

Title: 100 % scanned ID's for every transaction at the DABC at Point of Sales.

Description: Of the estimate of an average of 12 millions transactions, we will scan ID that insure validity, age, appropriateness, and any judgment against that individual for non-compliance with the sale of alcohol.

Collection Method: MicroSoft Dynamics AX 20.12 R3 for the DABC POS and ERP is the system that allows the DABC to ensure accuracy of the program. This system must integrate with DLD and other databases to accurate obtain the needed information to accomplish the goal of this bill.
