Enactment of this legislation would allow certain taxpayers to increase the offset they currently utilize. This could decrease state tax revenue by approximately \$255,000 per year. Decreases will occur in 3 accounts/funds: 1) Uninsured Employers' Fund; 2) Industrial Accident Restricted Account, and 3) Workplace Safety Account. This change would also lead to a commensurate increase in donations to the Rocky Mountain Center for Occupational and Environmental Health (RMCOEH).

Enactment of this legislation would transfer \$1,000 from the Education Fund and \$174,000 from the Workplace Safety Account, ongoing in FY 2022, from the University of Utah to Weber State University as they assume administration of the Center.

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
