This bill appropriates \$47,735,300 ongoing and (\$24,735,500) one-time from the Uniform School Fund to Minimum School Program - Early Intervention beginning in FY 2023. This bill also decreases appropriations from the Uniform School Fund to Minimum School Program - Early Intervention by (\$12,000,000) one-time in FY 2024. Enactment of this legislation increases the Weighted Pupil Unit (WPU) weighting for Kindergarten from 0.55 to 1.0 in district schools and 0.9 in charter schools beginning in FY 2026 to implement full-day kindergarten options at all Local Education Agencies (LEAs). At the initial FY 2023 WPU Value of \$3,908 and with an estimated participation rate of 95% in full day kindergarten, this increase in the weighting could cost the State Board of Education approximately \$72,190,300 ongoing from the Uniform School Fund beginning in FY 2026. Subsequent changes in student enrollment and increases in the WPU Value for FY 2023, 2024, 2025 and 2026 will change this estimate. In addition, enactment of this legislation repeals the Enhanced Kindergarten Early Intervention Program beginning in FY 2026. Cost savings of \$24,455,000 ongoing from the repeal of the Early Intervention Program are factored into the final ongoing fiscal impact from this bill..

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
