Revenues	FY 2022	FY 2023	FY 2024
Total Revenues	\$0	\$0	\$0
Enactment of this legislation creates the new General Fund Restricted - Federal Program Reserve Account and requires that 25 percent of a net year-end General Fund revenue surplus be deposited in the account. Yearly deposits will depend on the size of any General Fund revenue surplus. Had this legislation been in effect for FY 2021, it would have led to a deposit of approximately \$30 million to the new account. Other accounts, set-asides, and contingent appropriations that are below this new account in priority order could receive reduced amounts as a result, depending on multiple variables.			
Expenditures	FY 2022	FY 2023	FY 2024

Enactment of this legislation could cost the Legislature \$25,200 ongoing from the General Fund beginning in FY 2023 for additional members and additional meetings of the Federalism Commission, \$5,700 ongoing from the General Fund beginning in FY 2023 to staff the additional meetings (this cost can be absorbed), and \$75,000 ongoing from the General Fund beginning in FY 2023 to contract with a third party. This legislation could cost the Division of Finance \$600 one-time from the General Fund in FY 2023 to establish a new restricted account.

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
