Enactment of this legislation may cost the State Board of Education \$649,600 one-time in FY 2023 and \$176,300 ongoing beginning in FY 2024 from the Income Tax Fund to implement the provisions of this bill. In addition, provisions in this bill require the Legislature to consider future year enrollment estimates from Statewide Online Education Program (SOEP) providers in funding enrollment growth costs. While the number of students that may be estimated by the providers is unknown, enrollment growth in the program has ranged from 11 percent to 39 percent over the previous four years. Assuming a four year average of 23 percent, this may have increased FY 2024 enrollment growth estimates by approximately \$950,000.

Notes on Notes

Fiscal notes estimate the direct costs or revenues of enacting a bill. The Legislature uses them to balance the budget. They do not measure a bill's benefits or non-fiscal impacts like opportunity costs, wait times, or inconvenience. A fiscal note is not an appropriation. The Legislature decides appropriations separately.
