

Fund 5450 Housing Opportunities for People With AIDS Loans

Agency(s): Workforce Services (Community and Culture prior to FY 2012)

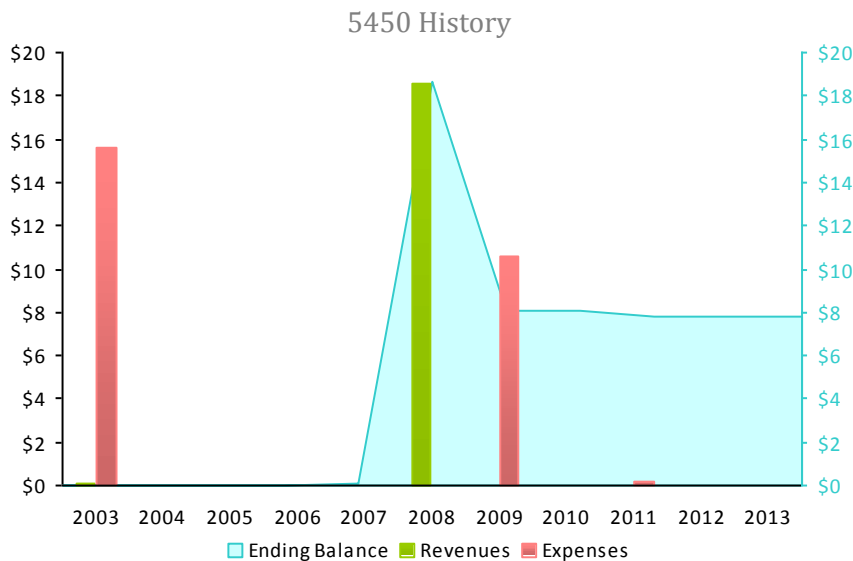

Analyst: Russell Frandsen

Purpose and Uses

The fund makes loans and grants available to provide housing opportunities for people with AIDS.

Recommendation

Once the agency addresses the \$8,000 loan receivable balance, then the fund should be closed as the agency does not intend to use this fund for additional loans. The Division of Finance is in agreement with this approach. The Department of Workforce Services does not object.

Graph Notes

The fund balance is cash. The expense in FY 2011 was for a grant.
