Summary

Senate Bills 38, 39, 40, and 41 (2023 General Session) combined Title 26, Utah Health Code, and Title 62A, Utah Human Services Code, into a new Title 26B, Utah Health and Human Services Code. This crosswalk shows where each section in the recodified Title 26B comes from in Title 26 or Title 62A. An *italicized section number* indicates that the substance of the italicized section was copied into another section.

This crosswalk was created to assist the Legislature during the legislative process. For this reason, it does not include amendments made by other bills during the 2023 General Session, nor does it reflect changes to section titles. Please always consult the official version of the Utah Code on the legislative website at <https://le.utah.gov>. This crosswalk also includes sections that were moved as part of Senate Bill 45 (2022 General Session) which moved a group of initial sections that were necessary for the operation of the newly combined Department of Health and Human Services. **Sections that were previously recodified in S.B. 45 (2022 GS) are noted in red.**
